

Law Enforcement says VOTE YES on PROP 4

Think your daughter is safe?

Think again...

- Adult men are preying on our daughters to commit sex crimes against them.
- A loophole in California law enables predators to take minor girls for abortions without anyone's identity being questioned and without parents being notified.
- Court documented cases prove these predators use secret abortions to cover their criminal activity.

"Close the loophole. Protect our daughters.

VOTE YES ON PROP 4–Sarah's Law."

Tony Rackaukas, Chief Prosecutor, Orange County

Real Cases, Real Abuse:

- A 39-year-old Santa Clara County sexual predator impregnated a 13-year-old girl, forced her into an abortion, and continued raping her for 7 months before her mother discovered hidden documents about the abortion. She immediately notified police. In August 2008, the CA Supreme Court upheld the maximum sentence for inflicting great bodily injury upon a 13-year-old girl.
- A 12-year-old girl, intoxicated and raped by an adult male, was taken for a secret abortion and left 30 miles from home. Police found the girl, who was suffering severe post-abortion complications, after her frantic mother reported her missing.

"Law enforcement needs parents as the first line of defense in protecting their children from predators...That's why I support YES on Prop 4."

Rod Pacheco, Chief Prosecutor, Riverside County

McCain and Obama do agree on something...

Senator McCain has consistently supported parental notification laws at the federal level.

Senator Obama is pro-choice, but says "...this is where I think we can find common ground. . . how do we reduce the number of abortions?" (8/16/08, Saddleback Church, CA)

Prop 4 is that common ground.

Notification Laws Reduce Teen pregnancy and abortion rates:

- 34 other states with notification laws have experienced a decline in abortion rates, teen pregnancies, and STDs without a single case of harm or danger to minors.
- Whether you are pro-choice, pro-life, or somewhere in the middle, YES on Prop 4 is common sense, common ground. Everyone agrees—we need to reduce teen pregnancy and abortion rates.

VOTE YES_{on} PROP 4

Prop 4 requires an abortion provider to notify a minor's parent 48 hours prior to performing the abortion. In the case of abuse by a parent, an alternative family member can be notified and the abuse will be reported. Laws like Prop 4 are protecting minors in 34 other states from abuse both in and out of their homes.
